FLUORIDE CONSENT

Most insurance companies cover fluoride treatment twice a year; however, some insurance companies only pay for a once-a-year application.

PLEASE CHOOSE ONE (1) OF THE FOLLOWING:

I, _____ give my consent to apply fluoride treatment TWICE a year. I agree that if my insurance company does not pay for the second application, that I am financially responsible for payment.

I, _____ give my consent to apply fluoride treatment only ONCE a year.

I, _____ do not wish fluoride treatment to be applied to my child at any time.

FINANCIAL ARRANGEMENTS/INSURANCE AGREEMENT

I authorize the dentist to release any information including the diagnosis and the records of treatment or examination rendered to my child during the period of such care to third party payers and/or other health practitioners. I understand that my insurance carrier may pay less than the actual bill for services. I agree to be responsible for payment of all services rendered on my dependent's behalf. I agree to be responsible for all fees incurred in attempting to collect these fees.

Any unpaid balance due (as listed on a billing statement), not paid within 28 days of the monthly billing date, will be assessed a late charge of 1.5% each month. I realize that failure to keep this account current may result in my children being unable to receive additional dental services except for dental emergencies or when there is pre-payment for additional services. In the default on payment of this account (payment due over 60 days), I agree to pay additional collection cost (33% of the unpaid balance), postage, attorney and court fees incurred in attempting to collect on this amount or any future outstanding balances.

I hereby authorize the office to contact the designated phone numbers and/or email address listed in the patient's account. With this authorization, a message/communication may be left indicating appointment time and dates, reminders, balances due, and/or estimated co-pays for future visits.
